### Re-assess First Aid providers - see notes below

Tony had already checked ours in comparison with Leics and we're already paying the market rate

Suggest we review every two years (with a transparent SLA) and keep it as is for 24/25

### Discuss finding a photographer, possibly Man Down Media

Bruce to investigate using a budding photographer for \*all\* races but to also contact Mick Bown

Raise again next time

Mick may still be available subject to his situation but he's OK with us making other investigations

### Logos/branding update

No strong feelings

Nothing that says Notts Derby

May need to think about the colour scheme alternatives for different backgrounds

The more stylised N is difficult to recognise

### Media logins: Facebook admin & Instagram admin

Bruce to contact Helen D

## CYCLO-CROSS LEAGUE

### 4) Team updates

a) Admin

b) Logistics

**Nick: tape**

High Quality tape £22/roll 10 rolls per event == £220

On dry events request that it be rolled and bagged

Single use £8

Supplier selling off tape at £3/roll but unclear of quality

Re-usable webbing tape £35/100m enough for an event (50 rolls) is £1,700

Blue rope: cheapest option but not liked

Comments: cheap easy to break tape easiest for volunteers and less chance of arm to the riders! However not environmentally friendly.

Decision: Nick will buy a mix and event organisers will request the type of tape, but the high quality tape is expected to be returned.

Can we get the stronger tape in a different colour so it's easy to spot? Nick to find out and order.

**Numbers**

Helen to ask Andy Naylor where the permanent numbers went?

Nick to hold off ordering numbers for now.
